

Charles 1 September 2010

Planning

Discussed how Charles is displaying his planning on his Wiki. Regular reflection is occurring.

Assessment

Discussed assessment of Measurement and Number. Have altered long term plan to meet the needs of his students. Will take time out next week to complete running records on students. Up to date with all math assessment.

Success Criteria

These are being used in class and the students are becoming more confident and independent.

Vocabulary

The language of learning is being promoted in class. This is used regularly for the students to reflect on their learning.

Reading

Main focus this term has been on comprehension. Charles has noticed to the able readers are ignoring the meaning of words they don't know. Suggestion that a log is kept to help attack this problem.

Student Concerns

Some concerns on students regarding maths. These students are being catered for but progress is very slow. Sam J working on managing himself and honesty/trust.

Shared maths observation: SEE ATTACHED

Shannon School Observation

Learn't many lessons from Shannon and reflected on his own teaching. Hoani to set up visit to Coley Street and St Marys in Foxton.
